Save up to 30% on your printing costs

We'll share how we have helped our customers save up to 30% on their printing costs, while maximizing their existing technology infrastructure.

We'll demonstrate unique ways in which your office can utilize effective tools and programs through ROSS and our valued vendor relationships.

TOSHIBA

Document Workflow? Scanning Solutions?

Have you heard these terms from your current office equipment provider but they haven't shown you how to connect the dots with your actual business processes? Let ROSS show you simple and effective ways to get started.

We'll show you how you can:

- Easily and cost-effectively convert hard copy and electronic documents into 16 different file formats, including excel, word, HTML, searchable PDF and more
- Create keyword searchable PDF's on the fly
- Do all of this and so much more without any licensing worries

Have you lost control of your service, billing and the relationship with your office equipment supplier?

Learn how ROSS' online Client Management Utility can help you regain control!

- Ensure accurate billing and service responsiveness
- Automate and streamline meter read entry
- Simplify and customize supply ordering
